DESCRIPTION OF VALUATION OPTIONS

Citizens Transfer & Storage Co., Inc. has been family-owned and operated for over 100 years. Our company goal has always been EXCELLENCE in service to our customers. We are very proud of our reputation and we work hard to maintain it, however, mishaps can occur. To provide for this possibility we offer several types of additional protection. The options vary in cost and limits of protection. Decisions regarding the value of your possessions must be made by you. The valuation level must be determined prior to performance of any services. So please take a moment to review your options.

EXTRA CARE PROTECTION (ECP)

When you request the full replacement protection offered by the ECP Plan, in writing, Citizens Transfer & Storage Co., Inc. will, at its sole discretion, repair, replace or reimburse you (whichever is less) for damage or loss that occurs during the move, up to the declared limits of liability, less any deductible amount chosen. Replacement value is full current replacement cost, not depreciated value. In order to obtain full coverage you must include the value of all the goods being moved, not just selected pieces. The cost of ECP depends upon the deductible option you have selected and the value you place on your shipment. You must declare a minimum value equal to at least \$6.00 per pound times the weight of your shipment or an amount more than this minimum. All possessions of exceptional value should have current appraisals.

BASIC LIABILITY PROTECTION

Basic coverage is provided at no additional cost. It provides a minimal limit of liability and reimbursement of up to \$0.30 per pound for loss or damage. For example, the coverage on a 100-pound television is calculated at \$0.30 x 100 pounds = \$30.00. In general, this plan is used when an alternative policy already provides adequate protection.
